"I CAN STILL REMEMBER MOST OF IT ALL"

I can still remember most of it all.

The green of the grass in the early spring,
The silvery sheen that the first snows bring;
The reddish-brown hue of very late fall,
I still can remember most of it all.

The chain of ivy all over the wall,

The blare of the bugles on Saturday morn,

The end of the game—all muddy and torn,

The scarred cricket bat—the old rugger ball,

I still can remember most of it all.

The bright light of the moon when late one night, I stood on the steps and thought about life. I thought about war and trouble and strife; And then I decided it was time to fight, It was time to do the thing that was right.

But I shall remember most of it all.

Foreword

The object of a foreword is sometimes to attract readers for the pages which follow. If this number is nearly as good as its predecessors, and I am sure it will be, nothing of the kind is needed here and I shall not waste space in pointing out the advantages its readers will have over those less privileged or less wise.

As a visitor from another member of the British Commonwealth of Nations, one is struck by the magnificent efforts which Canada has made, and is making, in the task of war. Much of the most exciting war work, especially on the scientific side with which I have been most in contact, is unfortunately secret, though it will make good reading after the war. You all know the magnificent work that is being done in training pilots and other members of air crews, but here again the full magnitude and success of the effort cannot be published yet. You may not be so familiar with the training of operators for radio locators. These men use the latest most secret developments of radio to spot. follow and track down enemy aircraft by day and night. It is a vital war service, and for anyone with scientific tastes, the work is most fascinating. When the history of the war comes to be written, this will stand out as a supreme example of the power of abstract scientific ideas to achieve great practical ends. Perhaps some of the readers of this magazine, when they leave Bishop's College School, will have the good luck to play their part in this great achievement.

TO THE FALLEN HERO

Fair youth, you bravely cast away your life; Aside you cast your poetry and thought To help defend your England, which God wrought To be above all blows and petty strife. Thus when the mighty Prussian plunged the knife, You thought that you should go and so you sought To help; and then in bravery you fought, And to your grave you went 'mid mournings rife.

But no! Indeed you have not died in vain, The world has been inspired by your death And England moved from farthest coast to coast. You died! Perchance indeed you died in pain, But since your last, exulting, joyous breath, The English heavens now a new star boast.

NOTES FROM THE WAR BOOK

W. G. Anglin is now training as a pilot after a course at the Boeing School in California, and working with Associated Aircraft for several months before enlisting.

JOHN PARKER has been doing various jobs overseas for two years. He is now Second in Command of a training school.

EDWARD PARKER is with his regiment in England.

- F. H. BALDWIN, K. T. PATON, R. S. S. GRIER and S. V. RADLEY-WALTERS are with the troops in Newfoundland.
- T. M. BAROTT is with a Holding Unit overseas.
- M. G. Bell, who is now a Sgt. Air Gunner, was mentioned in the first official communique of the R.C.A.F. for bringing down enemy aircraft over the channel.
- E. R. Bennett has been overseas since February.

HARRISON BENNETT is an instructor at a Base Training centre.

ARTHUR BISHOP is training as a pilot.

- G. S. Black, who is a Sgt. Air Gunner, is attached to the R.A.F. in England.
- R. MACD. BLACK is training as a pilot.
- A. P. Boswell has been seeing the world with the Black Watch. He is now in England.
- H. F. Boswell, now Capt., saw service in the Norwegian campaign on the Andalsnes front. He was mentioned in dispatches. He has been writing, directing and producing instructional films.
- R. K. Boswell, like Harry, is with the Royal Engineers in England.
- IAN BREAKEY, J. H. PRICE, C. E. PRICE, WILLIAM CLARKE, DOUGLAS JOHNSTONE, PETER MACDOUGALL, J. H. C. McGreevy, Donald Ross, James F. Ross, Arnold Woodside are all with their Regiment in Hong Kong.
- J. C. Bredin was in command of a Wellington Bomber which was brought down over Germany on August 28th. He is now a prisoner of war.
- J. W. Buchanan is with the Black Watch overseas.
- J. P. Buckley is a Sergeant-Pilot attached to the R.A.F.

Peter Grier is training as a Pilot.

F. H. GRINSTAD is in the R.C.A.F.

W. M. Hale is a Pilot Officer with the R.C.A.F. overseas.

LIEUT. COL. C. G. HEPBURN is at Corps Headquarters in England.

K. M. Holloway is G.S.O. 1, Toronto.

M. C. Holt commands a battery overseas.

W. H. Howe has been with the Fleet at the China station since March, 1941.

G. M. G. Johnstone is with the Black Watch overseas.

J. P. G. Kemp is with the Black Watch overseas.

P. Leslie is a Sergeant Observer with the R.C.A.F. overseas.

GORDON LUTHER is with the R.C.N.V.R. at Montreal.

G. H. MacDougall, H. C. MacDougall, R. R. McLernon, W. S. Tyndale are with a commanding aircraft battery in England.

It is rumoured that George Cross, who is attached to the Royal Navy, has been decorated or mentioned in dispatches, "or something". Sounds like George.

Hugh Doheny has his commission in the Navy and makes periodic trips across the Irish sea.

F. S. Molson returned from overseas in January and has been discharged.

WILLIAM MOLSON is with a Holding Unit overseas.

T. H. P. Molson is with an Artillery Training Centre.

T. H. Montgomery is with an Artillery unit in England.

LORD SHAUGHNESSY, LESTER TOMLINSON, G. S. STAIRS and H. E. MACKENZIE are re-inforcements for the Armoured Division.

H. C. Morgan is training as a pilot.

C. R. Payan has just finished a Junior War Staff course and is waiting to go overseas. His brother L. P. Payan, is D. A.Q.M.G. with a Division in England.

D. G. Powis is with the Artillery in England.

COLIN RANKIN is Air Intelligence Liasion Officer with Headquarters Staff in England.

PHILIP Ross is attached to the R.C.N.V.R. in Montreal after six weeks at sea.

J. S. TAYLOR is with the R.C.N.V.R. at Halifax.

VICTOR WHITEHEAD now commands a Brigade in England.

RICHARD GRIER is now a First Lieut. with the Sherbrooke Fusiliers Regiment and is overseas.

F. H. Grinstad has been re-classified as an A.C.2, and is now in training as a Radio Technician.

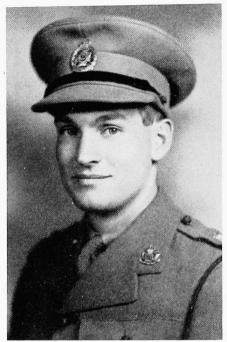

W. H. Copeland enlisted in the R.C.A.F. as a wireless ground operator and saw service with the Coastal Artillery Co-operation Squadron. He has now been remustered as a Radio Technician and is in training.

SIDNEY LYMAN is helping to tutor the Radio Technicians in training in Montreal.

Hugh Seton is now a Sgt. Pilot Instructor.

LEONARD WEBSTER is a Pilot Officer on radio location work.

THE AEROPLANE

Silence
Then from afar,
There comes a humming,
Buzzing sound,
Like that
Of a million bees—
Hmmmmm.

Hmmmmm.
The humming
Becomes a roaring
Like the roar
Of a
Million farm machines—
Orrert.

Orrrrr.
High above
We see the winging
Of silver wings—
A plane
All silver in the sun.
Orrrrr.

Hmmmmm.
The roaring
Is lessened to a whirring
As the plane
Disappears
In the far-off west.
Silence.

FALL IN

Fall In.
The soldiers march
From house and home with heavy tread
To fall in line
Along
The dusty street
Where men and horses stand in parching thirst.
They gather round
The Park.

In this
Are cool fountains
And arches of towering trees
Beneath which there sit
Nursemaids and
Children, whose cheerful happy prattle
Breaks the silence
With a laugh.

The soldiers
Gaze with loneliness
At this tableau of joy and happiness.
They think of past years
Past joy
When they too
Enjoyed the ferny coolness of the park
But now 'tis hot.
Fall In.

FROM THE PEN OF E. T. WRITERS

BE YE MEN OF VALOUR

Be ye Men of Valour, when you fight against the foe, Be ye Men of Valour, though the tyrants come and go, Be ye Men of Valour, when the foe attacks your shore, Be ye Men of Valour as the heroes were of yore.

Be ye Men of Valour, when the sky is turning grey And fight until you see ahead the dawn of a new day; Be ye Men of Valour in the darkness of the night, When the enemy comes dropping from the heavens with their might.

Be ye Men of Valour as you wage war in the sky And show the world that Britain's men will fight until they die; Go forth against the bombers that are bombing England's sod, The cradles of its babies and the temples of its God.

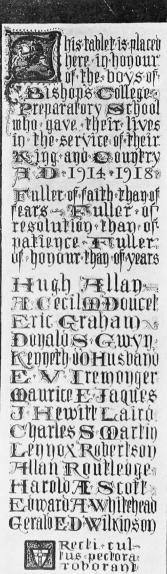

Be ye Men of Valour as you battle on the sea, Blow up the foe's proud navy to keep your England free, Send down the foe's destroyers to their deep and wat'ry graves, And show whoever questions that Britannia rules the waves.

Be ye Men of Valour as you fight upon the land From the mountains to the meadows, from the prairies to the strand; Fight on for King and Country, and you shall not yield an inch; Before the hosts of Hitler not an Englishman shall flinch.

Be ye Men of Valour as you fight against the foe, Be ye Men of Valour, till the danger's smitten low; Be ye Men of Valour, as you march to Victory To form a firm alliance—the Alliance of the Free.

There Honour comes

W. COLLINS

We express our gratitude to Professor G. P. Thomson, who, in the midst of his arduous work on the National Research Council, found time to honour us with a Foreword.

Two more Old Boys have given their lives in the struggle for Freedom: Charles André DesBaillets, only son of Mr. and Mrs. Emile DesBaillets, Charlie was a true friend whose lovely character Old Boys will ever remember, and James Okeden Alexander, only son of Major-General and Mrs. Alexander and grandson of an Old Boy, The Right Rev. Lennox Williams. We published a letter from Jimmy in the last Christmas issue. In that magazine it was recorded that he had been awarded the Royal Humane Society Medal for Valour. To the members of their families the School extends its profoundest sympathy and shares with them pride in the sacrifice made by them and in the contemplation of their lives.

The School is very pleased to learn that Major-General A. G. L. McNaughton, who has been suffering from a slight illness, is at work again.

Among Old Boys on the present scene of conflict, serving in the Far East, are:

Jack Price (Second in Command)

Charlie Price

Jimmy Ross

Douglas Johnston

Arnold Woodside

Ian Breakey

Donald Ross

John McGreevy

Bill Clarke

and from Montreal: Peter MacDougall

In this connection, we have heard some scathing and very enlightening remarks which may be summed up in the words:

"Quebec would have all the luck and get all the breaks."

Four more Masters have left, are leaving, or are on the point of leaving this term: F-O H. T. Holden left early in the term to join the Air Force and is in the Regional Control Office. Mr. Ganong has joined the Air Force. Sub-Lieut. C. L. O. Glass is leaving this term and going into the Navy. Sub-Lieut. C. C. Love is leaving early next term to join the Navy. Best of luck to them all! One master is a prisoner of war in Germany.

Once again a B.C.S. boy, D. I. Wanklyn, led the Province in the McGill Matriculation examinations in June; another B.C.S. boy came third.

Sir Wyly Grier is living in Lennoxville and painting at the School. He is also giving boys some very welcome help in drawing and painting.

The Ottawa Journal, Friday, October 17, 1941-

A HEADMASTER SAYS "J'ACCUSE"

We reproduce on this page to-day the greater part of an arresting address made on Thanksgiving Day by Mr. C. G. M. Grier, headmaster of Bishop's College School, Lennox-ville, Que. He was speaking at the annual Prize Day ceremony but his words rose far above the traditional order of such speeches. The Journal reproduces them because the speech is almost in the nature of Zola's famous "J'accuse" and because its message is not a stringing together of platitudes about the desirability of a conscientious war effort but a pointed accusation that we lack "conscience" where we need it most.

This speech is a ringing challenge not alone because of the considered measure of its accusations, but because it comes from a man who himself fought in the last war and is in this war headmaster of a school that trained Lieut. General McNaughton and many hundreds who are now soldiers and sailors; a school that for the last six years has won the Strathcona prize for cadet corps efficiency; a school whose teaching staff has been seriously depleted by transfers to the Air Force and that even now is training many fine young men who will eventually achieve distinction in active war service—although Bishop's is not in any sense a military institution.

This headmaster has a right to be not only heard but seriously considered. He is not a politician seeking votes or a business man playing with publicity. He is a builder of men with a great conscientious responsibility to those men and to their country; and as such it will not have come easy to him to say to his boys, many of them very young, that in these days of greatest trial there is to be found "selfish interest still standing as a barrier between hope and realization."

"I resent the existence of a situation in which my boys—or anybody's boys— should leave everything to engage in what is to them a manhunt, but which, in the light of the direction which we give it, is no better than a wild goose chase."

Mr. Grier did not go into the profession of raising boys to have them go to war. He could doubtless voice as moving a speech against war as any pacifist in this country. But Mr. Grier sees things whole at this time, and seeing things whole he knows that this country is in this war and must win this war at all costs. And when he says at all costs he means at all costs—conscription, rations, regimentation, sacrifice, taxes; to Mr. Churchill he would give not just the tools, but the tools, the men, the women, the money, "all our ease and leisure."

On the matter of conscription Mr. Grier feels, like Mr. Roosevelt, that it simply is not common sense to withhold an all-out war effort until the enemy has his 'planes over our backyards. To those who say that consciption will be approved in this country whenever it is apparent that nothing short of it will win the war Mr. Grier scornfully replies:—

"I find little comfort in the chance that when Nazi-ism rises like a monster from the Atlantic, after devouring all those now serving in the British Navy, the majority of Canadians will approve of forcing out their young men to save them from that monster."

The Journal commends the careful reading of Mr. Grier's words to all who realize that a headmaster of a great school deserves a hearing, and particularly to those among us who still have a hunch that this war can be won comfortably.

Chapel Notes

"O come, let us worship, and fall down: Let us kneel before the Lord our maker."

The first service of the School term was held on September the fourteenth, when the chaplain preached from the text "The Lord sitteth above the waterflood and the Lord remaineth a King forever." He suggested that we should keep this text in mind during the school terms for the strengthening of our faith in God amid the anxieties and distresses which the war had brought to all of us. "God who made the world over-rules the evil of men and rules the world and God never abdicates his throne."

The Thanksgiving service on October the twelfth was attended by many parents and friends and the ushers were hard pressed to find space for all the worshippers. The preacher at this service was the Reverend Basil Jones, Dean of Divinity at Bishop's University and morning prayer was sung by the chaplain and Powell read the Scripture lesson.

On November the second we had the pleasure of seeing Bishop Williams at the chapel service. On November the first, All Saints Day, the Bishop kept the fifty-fifth anniversary of his ordination to the ministry of the church, by celebrating at the early service of Holy Communion in the College Chapel. We were glad that he shared this anniversary with us at our service on Sunday by taking part in the service and giving the blessing. After the service the Bishop said a few words to the choir-boys in appreciation of their work in the choir and expressed his pleasure in seeing so many boys at the early Holy Communion Service of that morning.

On November the ninth our service took on the character of a remembrance service in honour of those members of the School who gave their lives in the war of 1914-1918 and in the present conflict. It was very fitting that the service should be Holy Communion with its reminder of the sacrifice of God and man for the eternal principals of Truth, Justice and Righteousness. The address was given by the Headmaster who also read the list of names to be kept in remembrance.

On Sunday, December the fourteenth, we hope to have our annual Carol Service to remind us that Christmas is coming once more with its message of peace and good-will among men. That it comes again to a world at war is at once a challenge to our faith and to our determination that the evil forces which menace the true Peace of the world shall be overcome. Let us offer a special prayer at Christmas that all "Old Boys" on active service may experience that true peace of God in their hearts and that they and we may share a "Very Merry Christmas".

HEAD PREFECT
CADET LIEUTENANT

BISHOP BIDWELL Headmaster of B.C.S. 1903-1909

PRIMATE'S TRIBUTE

The Archbishop of Canterbury, in a message to his diocese, writes:

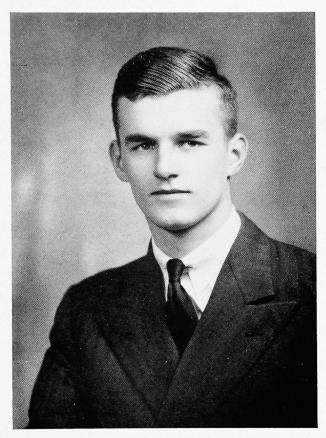

"Bishop Bidwell, after a long and painful illness, borne with great courage, has been called to his rest. He has given twenty-three years of able and devoted service to the Church of Canada, for nine years as Bishop of Ontario. He has taken a leading place in the councils of the Church and was held in the highest esteem. To the great regret of his fellow-Churchmen in Canada he felt obliged to resign in 1926, and returned to this country. Four years after he became vicar of Sellindge, in this diocese, and devoted himself with constant and self-sacrificing zeal to the work of a parish priest. Five years ago I asked him to become Assistant Bishop, and so far as his unfailing care of his parish, and latterly his health permitted, he gave me very welcome help. His long experience and his truly pastoral heart made his advice always valuable. An able Bishop, a faithful parish priest, he was above all a true-hearted Christian man. God give him now rest, and light, and peace."

(From the Diocesan Gazette).

NIGHT

Night is here and all is dark,
Silence reigns but for a bark.
The glorious moon's rays, pale and wan,
Look down on us, but hark, anon
The Spirits of the night appear,
Armed not with sword, or bloody spear,
But using malice as a mace,
To fight against the human race.
O Lord, deliver us from them
And be with us always. Amen.

J. M. C. (Form III).

I. L. SEWELL, PREFECT RUGBY CAPTAIN CADET MAJOR

The "Eton College Chronicle" contains an American pilot's tribute to D. D. S. Drew, K.S., who was returning to Eton from Canada, when the ship was sunk and he was drowned. "During the six hours that Drew was in the water before his strength failed, he was an example and an inspiration to all his companions. His calmness and courage, and the way in which he rallied those who panicked and gave up hope of assistance, was quite astonishing.

This year the Corps has a strength of 73 cadets and 35 recruits. The officers appointed are:—

Cadet	MajorI. L. Sewell
Cadet	Captain H. D. SHEPPARD
Cadet	LieutL. C. Davis
Cadet	LieutB. Purvis
Cadet	Sergeant-MajorG. Howard
Cadet	Band-SergeantG. S. MACDONALD

No. 2 BISHOP'S COLLEGE SCHOOL CADET CORPS—NOTES

At Thanksgiving it was announced that the Corps had won the Strathcona (Cadet) Military Efficiency Trophy which is awarded to the most efficient Cadet Corps in Eastern Canada for the sixth year in succession.

On the fifth of October a Special Platoon commanded by Cadet Captain H. D. Sheppard paraded in Montreal with the Black Watch of Canada in their annual church parade.

Cadet Sergeant Major G. Howard read the Roll of Honour of the B.C.S. Old Boys who fell in the Great War, at the Memorial Service at the Cenotaph in Lennoxville.

This year the Corps has had a few route marches and on other occasions the Corps has had arms drill which is held in the gym on Saturday.

Last year the Corps was placed second in the signalling competition in Military District No. 4.

The shooting results of 1940-41 were as follows:

Form Shoots Form 6, 7 and M.R. Three tie 50-50, Blacklock, Ramsey and Powell

August,

One day last month the Nazi-controlled "Paris-Soir" printed a poem by an anonymous contributor extolling Adolf Hitler. It read:

Aimons et admirons le Chancelier Hitler. L'éternelle Angleterre est indigne de vivre. Maudissons écrasons le peuple d'outre-mer; Le Nazi sur la terre sera seul a survivre. Soyons donc le soutien du Fuhrer allemand; Des boys navigateurs finira l'odyssée, A eux seuls appartient un juste châtiment, La Palme du vainqueur attend la Croix gammée.

By last week "Paris-Soir" knew that it had been thoroughly hoaxed. Cut in half from top to bottom the poem became two poems, expressing very different sentiments:

Let us love and admire Chancellor Hitler Eternal England; Is not worthy to live. Curse and eliminate The people across the sea Nazidom on earth: Will be the sole survivor. Let us therefore support The German Fuhrer The seafaring boys, Will finish the odyssey, To them alone belongs A fitting punishment The Palm of Victory. Awaits the swastika.

BISHOP'S COLLEGE SCHOOL CORPS RECEIVES EFFICIENCY CUP

ANNUAL PRIZE GIVING

TWENTY-FIVE CERTIFICATES OF MATRICULATION PRESENTED BY RT. REV. PHILIP CARRINGTON, LORD BISHOP OF QUEBEC

The prize-giving was the most important feature of a day's programme which included the annual football match between the School team and the Old Boys, won by the latter by a 12-0 score, luncheon for visitors from a distance, and the concluding tea and dance.

Two graduates received senior matriculation certificates, while thirteen junior matriculation certificates in Arts and ten in Science were awarded. In addition to the awards for proficiency in scholarship, seven other honor prizes for special distinction were given.

Announcement was made by the Headmaster that the School Cadet Corps had been awarded the Strathcona Cup for military efficiency for the sixth year in succession, and that members of the corps had also won a cup for signalling. H. R. Cockfield, of Montreal, was chairman for the prize-giving.

D. I. Wanklyn, who received his certificate for junior matriculation in Arts, was mentioned particularly by Mr. Grier for having led the Province in matriculation examinations last June with the excellent percentage of 85.5 and for winning the Beatty Scholarship in Mathematics, a distinction earned by a B.C.S. boy for the second year in succession. Wanklyn also won the Governor-General's Medal, the Captain Melville Greenshields Memorial Scholarship, the Col. G. R. Hooper Prize for Mathematics, the Edgar Black Prize for Science, a prize for history and a special prize for leading the Province in matriculation examinations.

Mr. Grier pointed out that the distinction of the award of a Rhodes Scholarship had been brought once again to the School, this time by Percival Talbot Molson, now a Sub-Lieutenant in the Navy.

Complete list of prizes follows:-

Senior Matriculation: C. W. J. P. Ramsey, Knowlton; A. I. S. Wregg, Montreal. Junior Matriculation (Arts): I. E. P. Childs, Washington; J. Ashley-Cooper, England; D. Y. Hodgson, Montreal; F. S. BISHOP'S COLLEGE HEAD DEPLORES LACK OF LEADERSHIP

A HEADMASTER PROTESTS

Prefers Street Shooting to Shillyshallying

From the Prize Day address at Bishop's College School, Lennoxville, by C. G. M. Grier, M.A., headmaster.

I intend to break, to some degree, with tradition to-day, because I believe it to be my duty to spend some time in giving you a point of view, the point of view of one who as a teacher and administrator, is to some extent responsible for the present welfare of a group of Canadian and British boys, and who may, I hope, have an influence on their future. This point of view is, I think, largely shared by my staff, and may therefore be considered to carry more weight than if it were a solitary effort.

My argument is simply this: That the issue of this whole war lies in the word "conscience" and if there be found among the democratic millions, here and elsewhere, enough men who have some conscience in what they do, we may pull ourselves together in time to win.

When my conscience troubles me, I find that I resent the difficulties of giving any substance, any positive reality, to the teaching of the importance of brains, and character, and devotion to the public service in a country in which, by and large, selfish interest still stands as a barrier between hope and realization. Further, and more positively, I resent the existence of a situation in which my boys—or anybody's boys—should leave everything to engage in what is to them a manhunt, but which, in the light of the direction which we give it, is no better than a wild goose chase.

The other day there fell into my hands a copy of the London Times of September 9. There is, in this great and undramatic paper, as you know, a space set aside for brief obituary notices. A portion of that space now appears beneath the heading "Fallen Officers". It was here that I read the following:

"Third Officer Florence Macpherson, Royal Navy, who lost her life on active service, was the widow of the late Lieut. Charles H. Macpherson, R.N., who was in command of the auxiliary vessel Northern Rover, which was presumed lost towards the end of 1939."

That is the measure of what Britain is doing. I wish this plain account of the blotting out of one generation of a family might now replace, on all our billboards, the gross misapplication of the words with which the King encouraged the embattled Londoners—"We are all in the front line now." I wish, indeed, that some omni-present agency might bring home to all the people the deep and human implications of that simple story. Have no fear. It will not easily be brought home. We shall not let it disturb our consciences. Instead, we shall continue as a nation of amateurs, we shall go on dabbling until some new Dunkirk, or some new Crete, or some new Moscow, or some series of similar disasters overtakes us, and then, indeed, there will be an intense military confusion in the land.

I sometimes wonder if trans-Atlantic flights will have done anything to clear the national conscience or the national thinking? Mr. Winston Churchill once wrote that to President Wilson "... the differences in Europe between France and Germany seemed trivial, petty, easy to be adjusted by a little good sense and charity. But the difference between Democrat and Republican in the United States! Here were really grave quarrels ... Peace and goodwill among nations abroad, but no truck with the Republican party at home". From this position the President was shaken by personal contact with the men who had been carrying the burden of the European war.

But is it possible that there is just a little of that doctrine here? In a Montreal paper there appeared the other day a report of a speech made in Toronto by a person not unconnected with the national thinking who said that he was convinced that the majority of Canadians would approve of conscription for overseas service if they believed it was the one thing necessary to defeat Hitler. Is that the measure of Canada's effort?

I find little comfort in the chance that when Nazi-ism rises like a monster from the Atlantic, after devouring all the mothers now serving in the British navy, the majority of Canadians will approve of forcing out their young men to save them from that monster.

This School is no longer sequestered, isolated. It lives in daily contact with human affairs. Most of its boys are thinkers. For many of its boys there will be war instead of university. Its responsibility has doubled, trebled, quadrupled. It must develop the intellect and discipline the character; it must teach its boys to recognize and loath the half-truth and the tacit lie; to understand the harmfulness of gossip; to tolerate a just cause and an honest point of view; to be intolerant of unfairness and deceit; it must steel the sinews of the mind against taking the line of least resistance.

How to teach these things amid the casuistry, the want of plan, the want of sincerity, the cliches and the cant of 1941? The waste of gasoline, when gasoline is said to be "desperately" needed; the expenditure of funds on non-essential enterprises, the political meddling in military affairs, the delay and red-tape in military circles, the moral support which the isolationists derive from overtaking the mathematics of our war effort and regarding only the peaceful look upon our faces and the fool's paradise in which our hearts find rest.

Perhaps there is an explanation of all this, and hence an opportunity to use it in our teaching. Perhaps the explanation lies deeper than any of us realize. Perhaps it is the fear of shooting in the streets. If so, by all means let us have it. It will be better to shelter behind a wall than to have to stand in front of one. But that is not the explanation.

The fault, dear Brutus, is not in our stars But in ourselves, that we are underlings.

It has been easy to criticize England. If only she had stood by the United States on the Manchukuo question, if only she has taken a firm stand against Italy, or against the reoccupation of the Rhine, or in support of the Spanish Government, or for the Austrians or for the Czechs. As we were often reminded, we were, throughout all this, an autonomous Dominion, proud to think and speak for itself. What choate and integral conviction had we formed in any of these crises? Nothing that could have been very helpful. Nothing, it would appear beyond the hint that if there were war, we should probably be neutral. We failed utterly to take into account the "passionate devotion with which a whole people will embrace an opportunity to give service to their community" provided that the opportunity is made clear to them.

Nor have we yet taken it into account. And so, when Churchill says, "Give us the tools, and we will finish the job", he puts it that way because, in the circumstances, it seems to be the strongest appeal that he dare make to North America. How long will it be then before Canada can say, "You may really count on us. Take the tools, and the men, and the women, and the money, and all our ease and leisure. Whatever the past, you're right. We are with you, soul and body". This is more than a war: it is a crusade.

"I raised", wrote Oliver Cromwell, "such men as had the fear of God before them, as made some conscience of what they did: and from that day forward, I must say to you, they were never beaten, and wherever they were engaged against the enemy, they beat continually."

Montreal Daily Star-

FLT. LIEUT. HARTLAND DEM. MOLSON, MONTREAL, GIVEN ATLANTIC POST

BATTLE OF BRITAIN VETERAN REPLACES WING CMDR. McNabb

An Atlantic Air Base, Aug. 9—(C.P.)—A wounded veteran of the battle of Britain, Sqdn. Ldr. Hartland M. Molson, (B.C.S. 1918·24), of Montreal, has been appointed commander of the 118th Royal Canadian Air Force Fighter Squadron here. He replaces Wing Cmdr. Ernest McNabb, transferred to his home city of Saskatoon in command of No. 4 Service Flying Training School.

The new leader of the squadron charged with guarding the Atlantic approaches to Canada was a wing mate with McNabb in those hectic days last September when the

might of the German air arm was breaking over London.

Shot down after he and his fellow-fighters had accounted for 75 Nazi raiders, Molson was forced to bail out 23,000 feet above London. Plunging 12,000 feet through swarms of German aircraft before opening his parachute, he made an easy landing despite his wounded leg.

A Messerschmitt 109 put Molson's machine out of control while he was concentrating on shooting down another German fighter.

Goes to Washington-

YOUNG OFFICER NAMED ATTACHE

Son of Victor M. Drury, Brilliant Artilleryman, Won Honors at R.M.C.

The department of External Affairs at Ottawa last night announced the appointment of Major C. M. Drury, (B.C.S. 1924-29), Royal Canadian Artillery, as assistant military attaché at the Canadian Legation at Washington. He is the son of Victor M. Drury.

One of a brilliant group of young gunners of the 2nd Montreal Regiment, R.C.A., who helped keep the unit in the forefront of efficiency throughout the Dominion during the half a dozen years preceding the war, Major Drury graduated from the Royal Military College with honors in 1933 and won the Sword of Honor in his graduating year. After leaving the R.M.C. he returned to Montreal and joined the 7th Medium Battery. He attended McGill University, taking a law course, graduating in 1936.

He was promoted to lieutenant in 1934 and then entered the Royal Canadian Air Force, being appointed provisional flying officer in No. 115 (Fighter) Squadron here. He returned to his gunnery, however, leaving the 7th Medium in 1939 for the 3rd Medium when the latter was chosen for overseas service. He became captain and was appointed to the then C.A.S.F. on December 12, 1939.

Before going overseas he was made adjutant of the 1st Medium Brigade, but vacated this appointment while overseas and returned as a staff officer to Canada on appointment to the newly organized Canadian Third Division. This year he was promoted major and placed in command of a light anti-aircraft battery.

The outstanding debate of the year was on November the fifteenth. The motion
before the House was: "That this Society is of the opinion that the United States should
take Dakar." There were some astonishingly brilliant speeches and the standard of the
oratory for all was maintained on a very high level. Some of this year's Maidens were
surprisingly good.
There voted for the motion 9

At the meeting on November 19th the motion was:—"That this Society is of the
opinion that the United States should take Dakar." This was an enthusiastic debate, the
highlight of the season. Churchill-Smith, Holley II, Howard, Hallward, MacFarlane,
Hooper, Morkill, and Fraser spoke for the affirmative. For the negative:—Grav, Holley
I, Sheppard, Jarrett, Janner, Hugessen, Wanklyn, and Boyd. The motion was lost.

On November 29th a wide range of motions furnished fuel for a most exciting Hat Night. Taking an active part were: Holley I, Grav, Howard, Hanson, MacFarlane, Morkill, Holley II, Fraser, Sheppard, Jarrett, Wanklyn, Hallward, Churchill-Smith, Hugessen, Boyd, Hooper, Janner, Boright, Stenhouse, Rowe, Satterthwaite II, Smith, Bieth, and Teakle. There were twenty-four speakers. We regret that we are unable to produce some debates in full. They are worth it, and the secretaries have performed their duties most efficiently, but space forbids.

Chapman's

Chapman's House started off the 1941-42 school year with a total of twenty-two boys, all of whom are fifth formers, except three who are from the fourth.

The house this year is being run by Powell as prefect and Hanson as headboy.

During the term Howard was appointed a headboy and filled a place vacated by Mc-Limont who is now on the staff of the preparatory school. Howard has taken up his duties and we are all very pleased to have him with us and we feel sure that he will live up to the Chapman House standard.

All members of the house played an important role in the field of sports. Powell played on first team, while Price, Hurst and Horniman aided as subs. Peck and Howard played on the second team. Not only were the sporting activities of the house confined to football. Powell placed third in the senior cross-country, and Horniman and Whitehead fifth and sixth respectively in the junior event.

Mr. Love, our housemaster, has recently been called by the Navy, and expects to leave for training in the early part of next term, and we all wish Sub-Lieut. Love the best of luck in the Navy.

In closing I would like, on behalf of the house, to express our thanks to Mr. and Mrs. Love for the kindness that they have shown to us throughout the term.

R. R. P.

Williams'

Probably the best way to describe the finer qualities of the Williams' House boys of this year, is to take for an example, a typical Sunday evening "down at the house".

First of all our Prefect. There is something wrong with Trevor. Apart from the shock of becoming a Prefect, being on first rugby team, and not making the choir this year, there is something wrong. Far be it from us to find out what it is. On Sunday evenings he comes down to the house, demands that there be absolute silence throughout the entire building, dons his nightgown, relaxes on his bed, and—well, from here on we don't know what happens. Apparently he departs into a different part of the country, (Rothesay, N.B.), and that's the last we hear of him till Abbott and Costello wake him up.

Ten seconds after Trev. leaves us (mentally), Macdonald—the Head Boy, so it says on the notice board, and Adams, who may be called anything from "Hydrogen" to "The Country Philosopher" ("Philo" for short), make their first appearance. They also must

not be disturbed. They play record after record with their mouths wide open, and stamp their feet feverishly on the floor so that Mr. Patriquin, the House Master, has to sweep ceiling plaster off his desk in the morning. Macdonald, they say, is an ardent admirer of a certain Mr. Benny Goodman. Adams, he says, is not. Consequently they have forceful discussions (arguments, if you will), on this point, neither of them knowing what they are talking about. At least, that is what other people think.

"Mort" Shuter spends most of the evening trying to transplant his upper lip stubble to his mighty chest. Then, still thinking of that decisive plunge through the line, he steps into a steaming hot bath and his carefully nursed stubble floats to the surface of the water, the glue having melted. This happens every week. By the time Mort realizes his mistake, he may have some real hair (probably borrowed from Adams, who now has three of his own).

Then there's Blaikie Purvis. Recently he received a box of chocolates, so we gathered it was his birthday. It was his birthday, but he has no more chocolates . . . Philo ate them. Also, recently he has not been attending meals, or classes, but instead has been answering an unlimited number of birthday greetings. A card table was not sufficient to hold all the correspondence. He had also to use three beds and the floor. We expect him to be finished in time to start writing Christmas cards.

The evening is brought to a happy end with a short prayer for Gurd (a certain musician the identity of whom you need not know), conducted by James Robert Adams.

Three-A Notes

- 1—A. S. H. Black—In the choir, and good possible for The Gondoliers, in Players' Club and good worker.
- 2—J. G. Веттн—In the choir and probable Gondolier.
- 3—J. BOUET-WILLAUMEZ—In the choir, possible Gondolier, hard worker.
- 4—A. D. Butler—His main job keeping awake, works hard, in the carpentry club and quite adept at the subject.
- 5-R. Brackenbury-Has quite a knack for new work. He is quite popular also.
- 6.—J. M. Calder—The form poet has the gift of telling people about themselves. He is good in Geometry and very generous (in geometry).

7—E. CAVENDISH—Is popular, which is no drawback.

8—M. E. Charlesworth—Efficient, a very good commentator on work (when not wanted). In the choir and pretty sure Gondolier.

9-B. Day-The girl fiend, Mary, Ann, Barbara, Joan, he knows them all. He is very

popular with the third.

10—H. L. Evans—In the choir and probably a Gondolier. A very good example of a chatterbox and very good company.

11-H. McCall-One of the hard working type. He is popular and is expected to

do well in exams.

12—Stern III—Frenchy. An arithmetic genius, very popular and hopes to do well in exams.

The Camera Club

This year we have lost a number of the Senior members, but there are a great many enthusiastic newcomers who show promising ability. Much time is being spent in instructing the Juniors so that they can improve their efforts, which we hope will soon reach the high standard set by their predecessors. The football individual pictures were part of the club's work. A special topic at this time is football action pictures from which good results have been obtained. The developing and printing by the club members has been greatly facilitated by the installation of a new electric clock.

The officers elected were Ted Sheppard, president, D. McLimont and D. Churchill-Smith, secretaries.

Mr. Love again this year has given us much of his time in the form of valuable assistance. Since he is leaving early next term to join the Navy we wish to thank him for his untiring efforts in the development of the Camera Club.

D. C.S.

Le Club Français

This is the fourth year of the School's French Club, and while the numbers are few, yet the meetings this year have proved more successful than in former years. This is due not only to the small numbers, as only those interested in learning French are members, but also to the enthusiasm and initiative of the president and vice-president, Jenkins and Childs. This year, the programmes have been arranged by the members themselves, thus introducing greater variety, and the old saying that boys will do better work and do it more eagerly when they do the preparation themselves, has been well proven at the Saturday night meetings.

This year, the radio is being used far more in our club activities. At the first two meetings we hardly knew whether we were listening to Montreal stations or to our own—"Le club français"—so skilfully did Jenkins, Childs, Purvis and Stern I time and arrange their programme with the City stations. Each member of the Club, in turn, has broadcast from the music room (where our station is located) to the Club room where the other members listen in. Various types of games—jeu de baseball; à quoi est-ce que je pense; qui suis-je; renseignements, s'il vous plaît; vrai ou faux;—have been broadcast with the

members carrying out the instructions heard over the radio. Impromptu speeches have been given by all members; and at one meeting, Mr. Hall gave a reading over the radio and chose as his subject, "Les Chandelieres de l'Evêque", from Victor Hugo's "Les Misérables".

Science Club

On September 13th an organization meeting was held, eighteen members were registered, D. W. McLimont was elected President and Stairs I and II joint Secretaries.

Since the opening we have been privileged to welcome three Professors from Bishop's College. Professor Langford gave a most interesting talk on Bacteriology with accompanying experiments. Professor Richardson showed us and told us about the making of maps. All the members of the Club have a much better appreciation of a map than they ever had before. Professor Knehner who was so kind to us last year, had every member's interest roused to the highest pitch by his models of molecules and the manner in which they are formed from atoms. His lecture on "Heavy Water" was amazingly instructive and interesting. We look forward to visiting his laboratory in the College next March.

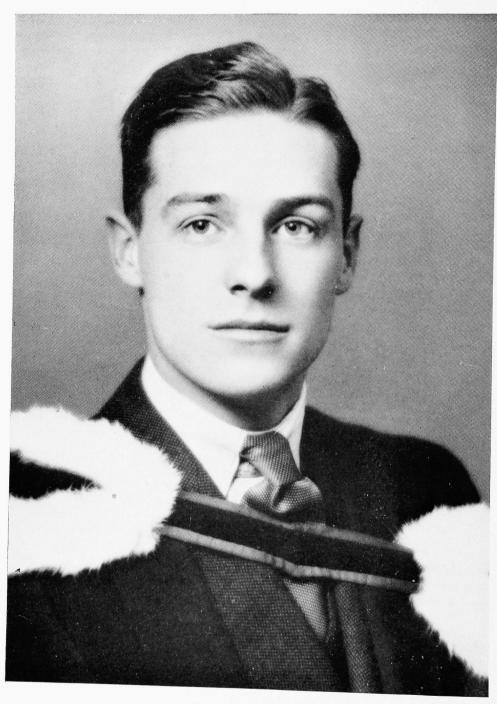

At other meetings we made phosphine, studied siphons, observed the effect of pressure on the boiling points of liquids, and made experiments on the electro-motive series of metals.

All members regard the Saturday evenings in "The Lab" as a source of entertainment and general enjoyment as well as instruction and here express their gratitude to Mr. Davis.

THE INAUGURAL DINNER OF THE RADIO CLUB

C. L. O. GLASS, ESQ. FOOTBALL COACH

B.C.S. Tops S.H.S. 17-0

This was the first game of the season and in spite of this B.C.S. won by a good margin. The game was played on our home field. The line did not have much trouble clearing holes for the ball carrier. The game was played about centre field for most of the first quarter, until Sewell broke away and deposited the ball behind the Sherbrooke line. This was converted. At half time the score stood 12-0.

In the remaining few minutes of the third quarter Landry nailed a Sherbrooke player behind his line and Jenkins recovered the ball knocking up another 5 points for the 17-0 victory.

The Teams:

S.H.S.: Petts, Arnold, Campbell, Wilson, Budning, Can, Roberts, Rosenthall, Bennett, Caunter, Joslin, Simpson. Subs: MacFarlane, Jackson, Stewart, Bascon, Clark, Burbank.

B.C.S. Sewell, Sheppard, Lemieux, Evans, Price, Lynn, Fisher I, Davis I, Fisher II, Williamson, Jenkins, Stairs I. Subs: Landry, Horniman, Day, Rowe, Hunt.

B.C.S. Defeats Sherbrooke High 41-0

In the second game of the season on October 1st, B.C.S. walked over Sherbrooke, winning by a score of 41-0.

The first blood was drawn shortly after a fumble by Sherbrooke, when Sewell went over the line for a touch. This was not converted but soon afterwards Sewell kicked a rouge.

Again Sherbrooke fumbled and like a dart Sheppard was over the line for another major. The convert was successful when Sewell ran over the line on a fake placement.

In the second quarter Sheppard and Sewell majored and both converts were completed by Sewell. At half time the score stood 24.0.

After the rest at half time this blitzkrieg was continued. Sewell scored another touch and then kicked for the convert. Then Sheppard went over again. Lemieux scored the final touch with a driving run which carried him over. This was converted in turn by Sewell.

The final quarter was pointless, but nevertheless it left the score at 41-0 in favour of B.C.S.

Teams:—

Sherbrooke High: Petts, Arnold, Campbell, Wilson, MacFarlane, Can, Roberts, Rosenthal, Bennet, Caunter, Joslin, Simpson. Subs: Jackson, Stewart, Bascom, Burrel, Clark, Burbank, Saunder, Molyneux, Hovey, Williams.

B.C.S.: Sewell, Sheppard, Price, Evans, Lemieux, Davis I, Fisher II, Fisher I, Lynn, Williamson, Jenkins, Landry. Subs: Hunt, Horniman, Day, Morkill, Lorimer, Rowe.

SHERBROOKE ATHLETICS DEFEAT B.C.S. 10-2

This game was played without B.C.S.'s captain and most outstanding player, Sewell. The line was extremely outweighed by the Sherbrooke line.

During the first quarter after a march down the field Cotterell of Sherbrooke pushed over the line for a touchdown. This was not converted. B.C.S. then got within scoring distance, and Sheppard kicked the ball over the dead-line.

The score was 5-1 at half-time, but during the third quarter Sherbrooke majored and this remained unconverted. The rest of this quarter was scoreless with both teams gaining their yards.

In the final stanza B.C.S. regained their spirit and held Sherbrooke five times on their one yard line. Sheppard, Lemieux and Lynn reeled off many yards, and scored a rouge making the score 10-2.

The Teams:-

Sherbrooke: Lynn, Porter, Udall, Gordon, Cotterell, E. Nelson, Bryant, Munster, Neil, Leith, Brooks. Subs: Carter, Colton, Jackson, Loranger.

B.C.S.: Sheppard, Lemieux, Evans, Price, Day, Lynn, Fisher I, Fisher II, Williamson, Landry, Davis I. Subs: Horniman, Dohan, Powell, Shuter, Rowe, Hunt.

OLD BOYS TOP B.C.S. 12-0.

The School in this game was seriously handicapped by the absence of the backfield, some of whom were injured on the Saturday before.

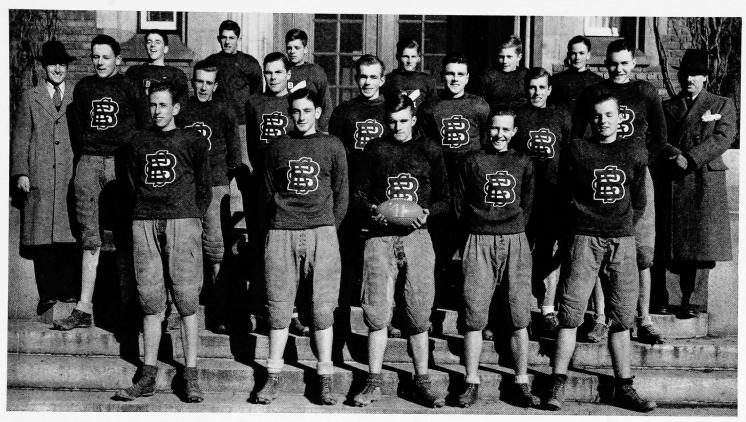

The School was strengthened by MacDonald and Hollinger, but this was not sufficient to stop the heavy plunging of Dodds and the combined passing of MacFarlane and Wregg. In the first quarter Lemieux saved a rouge by cleverly running the ball from behind the line.

In the second quarter MacFarlane went over the line for a touch which was not converted. Soon MacFarlane kicked the ball over our line and this made the score 6-0 by half time.

The third quarter saw many thrusts by the School, but they were unable to register. In the final quarter MacFarlane carried the ball across for another touch which was converted and this made the score a 12-0 victory for the Old Boys by the final whistle.

B.C.S. OUTSCORED BY L.C.C. 6-0

On the 19th of November B.C.S. was narrowly beaten by Lower Canada. At first the game seemed even and promised fair until a few minutes from the end of the first quarter when Bob Smith of L.C.C. kicked a rouge, making the score 1-0 in favour of L.C.C.

Front Row:—T. A. EVANS, H. D. SHEPPARD, I. L. SEWELL (Captain), A. L. LEMIEUX, S. DAY

Second Row:—M. P. FISHER, E. M. S. FISHER, B. F. LYNN, D. F. WILLIAMSON, J. S. JENKINS, R. R. POWELL

Third Row:—C. L. O. GLASS, ESQ. (Coach)

C. G. M. GRIER, ESQ. (Headmaster)

Fourth Row:—L. C. DAVIS, J. W. PRICE, M. I. HORNIMAN, R. F. McMASTER, D. M. LANDRY, A. H. FINLEY

This was the score at half time with both teams making their yards but not reaching the coveted touch line. Sewell, Lynn and Lemieux starred with their yard gaining plays.

The third quarter was scoreless, but in the middle of the final quarter Bob Smith crossed the line for a touchdown. The convert was not completed. The School's hopes ran high when with a few minutes to go Sewell caught a pass and ran to the twenty yard line, but they were not able to gain any points.

The teams:-

L.C.C.: Wilson, Lawand, Richardson, Cuttle, Conolly, Farish, Waugh, Perodeau, Smith, Boyle, Lewis, Butterworth. Subs: Stewart, Birkett, Wainwright, Martin, Fletcher, Tyler.

B.C.S.: Sewell, Sheppard, Day, Lemieux, Evans, Fisher II, Shuter, Lynn, Powell, Williamson, Jenkins, Fisher I. Subs: Rowe, Dohan, Hunt, Horniman, McMaster,

Oct. 27th—

B.C.S. Outscored by Stanstead 31-5

This was the first meeting of Stanstead and B.C.S. in the current season and the field was coverd in snow. Soon after the kick-off Stanstead scored a rouge. This was followed by a touchdown by Chaddock of Stanstead. After the kick-off Sewell started on our ten yard line and on a buck ran through the whole team and didn't stop until he was over the Stanstead line. This was a spectacular play but after this Stanstead had it over the hard plugging B.C.S. team.

Another rouge was scored by Jenkins of Stanstead at the end of the first quarter. Jenkins, after a series of plunges majored and it was converted. Another rouge was gained by Stanstead. Sewell and Sheppard made a first down but soon after the luck Chaddock again made a touch. A few seconds before half time Stanstead tried a pass which Sewell intercepted.

After half time Stanstead majored. A rouge was completed and after the three-quarter time Stanstead picked up six more points which ended the game with a 31-5 score.

The teams:

Stanstead: Gordon, Chaddock, Lindsay, Poapst, Jenkins, Quillinan, Blanchette, McFadyen, Beard, Scarth, Perkins, Bushnell. Subs: J. Jenkins, Hillock, Angrove, Pope, Sherman, Downing.

B.C.S.: Sewell, Sheppard, Evans, Lemieux, Finley, Lynn, Powell, Day, Fisher II, Hunt, Fisher I, Jenkins. Subs: Shuter, Horniman, Rowe, Christie, McMaster, Lorimer.

B.C.S. Outscores Ashbury 17-6

This match was played on a field thickly covered with mud. During the whole game rain pelted down and it was impossible for either team to try any forwards.

Sewell, after the team had advanced down the field, was instrumental in scoring a safety touch. This was the score at the end of the first half and although during this period we were within scoring distance continually no major point was completed.

At the kick-off at half time Heath of Ashbury ran the kick back for a touch which was converted. Ashbury was in the lead 6.2, but not for long. Sewell kicked for a hefty safety touch. Again the team plowed down into Ashbury's territory and Sewell gained another safety touch and a rouge. Then came the major points. The team had been steadily advancing when Lynn took the ball and ran over for a touch. Shuter followed a few minutes later to boost the score to a 17-6 victory.

The teams:-

Ashbury: Heath, McKinley, Hawson, Bontin, Renaud, Spafford, Lee, McLaren, Goodwin, Ney, Thomas, Hooper. Sub: Brass.

B.C.S.: Sewell, Sheppard, Lemieux, Hurst, Finley, Day, Lynn, Shuter, Fisher I, Powell, Jenkins, Horniman. Subs: Rowe, Fisher II, Hunt, Dohan, Lorimer.

B.C.S. Defeated by Stanstead 37-0

This game was played on our home field, and although Sewell, Sheppard and Lemieux played a hard, steady game, Stanstead was too strong for them.

In the first quarter Stanstead scored a safety touch, and this was followed by a touch-down by Chaddock and a convert. Stanstead tried several forwards and Sheppard intercepted two of these. At the end of the first quarter the score stood 8-0.

Early in the second quarter Stanstead went over the line for another touch which was converted. Jenkins picked up another point following this. Stanstead then completed another touchdown and convert.

The B.C.S. bucks often made large gains, but they were not good enough for any points. Stanstead majored again towards the end of the half and this left the score 20-0.

B.C.S. started off well but Stanstead moved again after they blocked a B.C.S. kick. Stanstead picked up another five points on completing a forward. The convert was completed. Towards the end of the game Stanstead finished up with another touch and a convert.

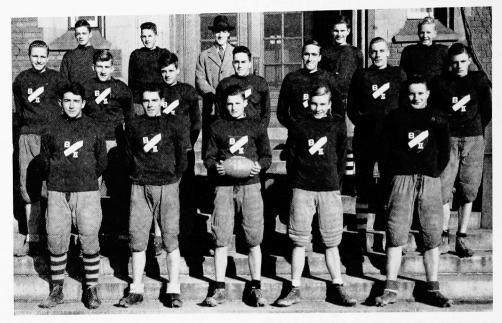

The teams:

Stanstead: Jenkins, Lindsay, Chaddock, Gordon, Poapst, Quilliman, Blanchette, Sherman, Baird, Monty, Stiegeo, Perkins. Subs: Harrington, McFadyen, Pope, Downing, Bushnell, Jenkins, Killick, Scarth.

B.C.S.: Sewell, Sheppard, Lemieux, Lorimer, Finley, Day, Powell, Fisher, Lynn, Shuter, Jenkins, Rowe. Subs: Hurst, Hodgson, Dohan, Christie, Horniman, Fisher.

SECOND CREASE RUGBY

We began the season under a mental handicap. Last year's second crease, ably coached by Mr. Glass, ran undefeated through a schedule with S.H.S., and L.C.C., in which their brilliant play rolled up huge scores very similar to this year's First team games—before injuries removed just half the regulars. Though far from matching the spectacular Under-Sixteen of 1940, this year's Second crease maintained tradition, and sent a good half dozen replacements during the season to First crease. Finley, our leading quarter, called the

signals for First team in the latter part of the season, and the others stood up well under the heavier firing.

Generally, Under Sixteen scrimmaged against the Ancients, though we combined forces to play outside games, there being no age-teams in the district to play. Steady improvement marked the work of a good number of the crease; enthusiasm was always at a high level. The fact that we developed several heavy tacklers during the last fortnight of the season seems to be ample return for two months' drill and scrimmage.

Under-Sixteen, with over-age subs, opened the season with a 5-0 win over Sherbrooke High Seconds. Macfarlane scored our major, but had to retire for some time with an injured wrist.

S.H.S. played a return match at B.C.S. a week later. Hodgson, pausing on Second on his way from Third to First Crease, ran over for a touch, and Finley kicked for a rouge. We drew, 6-all.

In our next game, we borrowed a backfield and a lineman from Third Crease, and beat Stanstead, 6-0, with Hugessen directing the Under-Sixteen, and Ross Smith calling plays for the Combines. Graham went over on a very wide buck which developed into

a one-man end run, to touch down the ball in best English Rugby style, yards away from the nearest Stanstead tackler. Brigham Day coolly booted the convert. The field was soaked throughout by a steady, cold downpour, but Stevenson, who started the year on Third Crease, did not make a single bad snap.

We despaired of getting a game for our heaviest team, the over-age squad, but finally took on a combination of S.H.S. firsts and seconds, in Sherbrooke. Churchill-Smith handled this team well, and with an even break in the luck we might have tied, or even won, but the more experienced High School boys won 10-0.

Honourable mention should be made of Churchill-Smith and Hugessen, who co-captained our teams after Finley left, and maintained excellent morale. Mackay's standout line play makes him a leading candidate for next year's First team, as he averaged a good eight yards per plunge, and tackled for keeps. McBoyle, Satterthwaite, Hooper, Davis II, and Dodds all were dependable. Hancock played part of our last game, and came up with some ringing, crushing tackles reminiscent of his namesake, Superman.

The "graduates", Finley, Hodgson, Howard, Huggett and Grav were all good enough to stick in faster company, and we expect to see many of this year's intermediates carrying the mail—and the ball—for B.C.S. in the 1942 season.

THIRD CREASE RUGBY

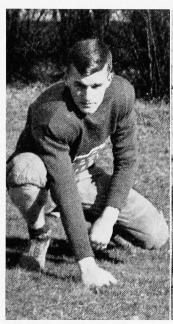

Third crease consisted of all boys who were not on the higher creases, and totalled some thirty-five players. Out of this material a Fifth team was formed which played one outside game, against a junior team from Sherbrooke High School. Although the Sherbrooke boys seemed to be a little bigger than we were our backfield plays were too fast for them, and Graham ran for four touches. Day II scored the other touch and completed two converts. Norris, playing at inside, starred with strong bucking and efficient tackling.

Later in the season the Fifth team backfield, plus Norris, helped the Under Sixteen team beat Stanstead Juniors 6–0, as reported under the Second Crease Notes.

In the daily creases Wallace did good work in keeping a pick-up team in action against Smith's quartering of the opposing forces, while other hard workers' names appear below in the list of Fifth team colours awarded. Mention might be made of McCall, and of Taylor II, who worked hard all season, but did not quite make the team.

Fifth team: Smith (Capt.), Wallace, Graham, Whitehead, Day II, Norris, Taylor I, Struthers, Butler, Johnson, Satterthwaite II, Fraser, and Janner (Sub.).

R. W. S

Sewell: Half-back and captain. In all respects Ian's work this year was admirable, both as captain and player. Defensively, he shone with crushing tackles that were the very spirit of the team, often lunging spectacularly over the opposing line to smear an unsuspecting quarter-back. Offensively, his 90-yard touchdown sprint against Stanstead was the season's highlight.

Sheppard: Half-back. "Shep" proved a shifty runner in the broken field, nullifying some long kicks with his neat run-backs. Towards the end of the season, his keen work in intercepting forwards pulled the team out of some awkward holes.

Lynn: Middle wing. Brian climaxed his school football career this year by winning the Cleghorn Cup, awarded annually, on the captain's choice, to the most effective all around player on the team. A rugged player of the impulsive type, he contributed ably to the team's offensive and defensive strength.

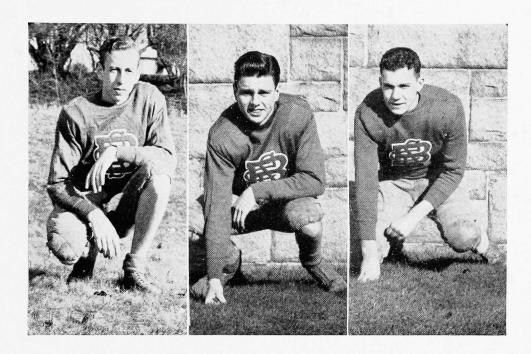

Lemieux: Quarter-back. "Lem" opened the year at his old post but was shifted to a secondary defence position mid-way through the season, where his tackling helped bolster a defence riddled by injuries. The possessor of a sure pair of hands, he teamed up well with Sheppard as a running half.

Jenkins: Outside. Jack was at all times one of the most diligent students of the game on the squad. A blinding turn of speed, coupled with his shoe-string tackling, added measureably to the reputation he established last year.

Day: Half-back and Snap. "Stock" played the unusual combination of snapback and half during the year, both with the same vigour and dependability. His tackling was of high merit, well deserving of his colour.

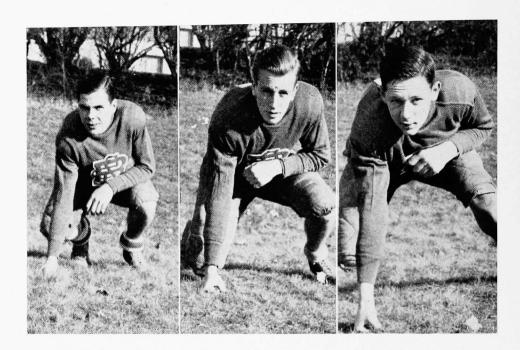

B.C.S. MAGAZINE

Evans: Half-back. Trev. came up from last year's crack Under-16 squad to a regular berth on the First team half-line where his spirited tackling and determined plunging were always useful until a painful injury deprived the team of his services before some of the most important games were played.

Williamson: Middle Wing. Dave thoroughly earned his promotion from last year's second team by cool, sound defensive work and effective plunging. Injuries cut short his season when he was developing rapidly into one of the most dependable men on the team and when he was gaining valuable experience under fire.

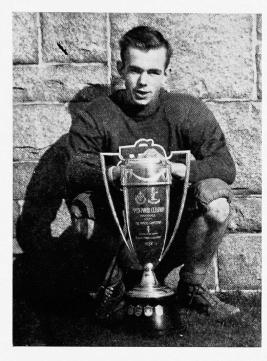

Powell: Inside Wing. A determined lineman always, Bob revelled in the rough going. He developed the extremely useful habit driving in to break up plays before they could be launched and could be relied on to keep fighting, no matter what the odds might be.

Shuter: Inside Wing. After a somewhat slow start "Mort" found his confidence and developed into perhaps the most punishing plunger on the team. His work on a greasy field in the Ashbury game was particularly noteworthy.

Fisher I: End and Inside. Ned's versatility and spirit were most useful this year. Although a lineman by profession, he performed commendably at outside and could always be relied on to do his best in whatever spot he found himself.

Fisher II: Snap and Inside Wing. "Jake" was another player this year who was shifted around with more attention to exigency than his comfort. Co-operative at every turn, he always gave his best in an earnest display.

← B. F. LYNN Winner of the Cleghorn Trophy 1941

The Subs. In a year when injuries played such a prominent part in the schedule, the Subs. meant even more than ordinarily. This year's men were always willing to help out in any way they could, and their opportunities were ample. Those who started the year as regulars, only to lose out through hurts, cooperated staunchly. Deserving of special mention is Finley, who came up from second crease to take over the key position of quarter for a number of games and filled a difficult post with verve and grit. He gave definite promise for next year, if he returns.

June Closing

Hundreds of parents were present at the very impressive sports display and were guests of the School at luncheon. Prizes were presented in the School gymnasium by Mrs. C. G. M. Grier, wife of the headmaster, Mrs. H. MacFarlane and Mrs. W. W. Ogilvie. The list of prize winners of the various event was as follows:—

All-around championships: Junior, M. Horniman; Intermediate, K. MacDonald; Senior, A. MacFarlane.

MacFarlane won the Smith Cup and the Fortune Medal for his all-around performance in the Senior group.

CROSS-COUNTRY

The new Cross-Country layout attracted 47 starters in Senior and Junior classes this year, and on November 12, the revived event was run off. The new course has the advantage of being visible, for much of its length, from the School and offers a good variety of country to test the runners' stamina.

Rowe won the senior event in 29 minutes, 8 seconds, followed by Lemieux and Powell. Finley negotiated the shorter Junior course in 27 minutes, 45 seconds, with Hugessen a scant ten seconds behind. Following closely were Wallace, Phelps and Horniman.

The day was bitterly cold and the ground covered with an inch or more of snow, but the new course records were low enough to make excellent marks for future runners to equal.

The best feature of the race was the fact that all the starters finished—running.

The runners finished in the following order: Seniors: Rowe, Lemieux, Powell, Landry, Davis I, Day I, Churchill-Smith, Stairs II, Holley II and Huggett, Preston, Aird, Cadenhead.

Juniors: Finley, Hugessen, Wallace, Phelps, Horniman, Whitehead, Hodgson, Reynolds, Hooper, Neil, Hallward, Smith, Moffat, Reid, Satterthwaite II, Stenhouse, Butler, Hancock, Loggie, Foss, Evans II, McKenzie, Black, Fraser, Graham, Johnson, Charlesworth I, McCall, Janner, Boright, Maxwell, Fisher III, Stevenson, Stern II.

ENGLAND

England thou must win this bloody strife, On thee depends our future life; And should invasion strike thy shores, Thou'lt beat them to their very doors.

Keep up the fight against the cruel foe,

To 'venge the harmless poor, a tide of blood shall flow;
For they've been bombed from humble homes.

Their spirit rises, froths and foams.

BEDTIME

I lay me on my bed at night,
And watch the stars, they are so bright;
They twinkle down from up above,
So like the feathers of a dove.

I go to sleep with peaceful dreams, Yes, on my face are pale moon-beams; And now at last they leave my face, For to continue their wild chase.

And soon the sun comes 'round again,
To leave my bed is awful pain;
So sleepily I rouse my head,
Until it's time to go to bed.

R. G. L. Brackenbury (Form III).

School opened in September with the youngest crowd of "Preppers" for many years. We were loth to part with Black, Beith, Bouet-Willaumez, Boyd, Butler, Calder, Cavendish Charlesworth I, Day II, Evans II, Fisher III, Fraser and Satterthwaite II to the Middle School.

The new boys who stepped into their places were: Barker, Mitchell, Boswell, Brodeur, Ballantyne, Lyon, Page I, Page II, Swallow I, Swallow II, Tarsh, Webster, and Winslow, whom we are glad to have with us. The average ages of the Forms in September were: Remove, 12.1; Prep. III, 11.5; Forms 2 and 2A, 10.4; 1A, 9.00; and 1, 7.2 years. Although we have been full from the start and in spite of changes in the staff, the term seems to have gone very rapidly.

Staff changes which were greater than usual, comprised the departure of Mr. G. H. McGowan to resume his studies at McGill University, the loss of Dr. G. O. Rothney to take a position as lecturer at the Sir George Williams College in Montreal, and, after a few weeks at school, the calling up of Mr. Holden for duties as Pilot Officer in the R.C.A.F. In their places, Mr. A. G. Glauser, a man of many parts, from Ravenscourt School, Winnipeg, has not only given fresh life to the teaching of French, but has contributed largely and enthusiastically to dramatic, musical, and other recreational activities. Mr. H. W. Ganong, who teaches Latin, also excels as a woodsman. He directed the initial stages of the cutting of the new trail. Mrs. Love, one of our best "masters", takes very efficient charge of History throughout the school besides other subjects. "Mr." McLimont, whose nickname we have judiciously forgotten, found himself back in the

Prep., carrying out his duties as games' assistant and duty master just as conscientiously and effectively as he always did his work when a boy in the same building, not very long ago. Dave, a glutton for work, has voluntarily taken charge of one of our major activities, the "Prep Press" with noteworthy success. He also gives up some of his spare time to supervise Camera Club work.

We were glad to see Dr. Rothney at the Selwyn House game in Montreal, racing up and down the side line, cheering us on to victory, and also to see P-O Holden for a few days while on overseas leave. A cable received from him on Dec. 2nd reads: "Greetings: safe and well: good luck. Henry". Wired from London, England.

SOCCER

The coaching duties, after Mr. Holden left in the early part of the season, were carried on by Mr. Page and Mr. McLimont. The first XI team played well. In five important games we won four and lost one.

PREP. VERSUS UPPER PREP OLD Boys. This was a battle all the way. Taylor scored from a pass from Montefiore in the first half. Nearly at the half way mark, Pitfield passed to Kindersley, who centered beautifully to Ford, who did the rest. At the

end of the second half, the Prep came near to scoring several times, but on a breakaway, the Upper carried the ball down the field and scored. Result: Prep. 2, Upper 1. (Sept. 20).

UPPER PREP OLD BOYS VERSUS PREP. (Oct. 3rd). After ten minutes of a ding dong struggle, Ford scored from a pass by Robinson. The Upper with new blood on their team could not be held in the second half, and after a terrific tussle in the goal mouth, they scored. Near the end they scored again.

Result: Upper 2, Prep. 1.

PREP. VERSUS SELWYN HOUSE SCHOOL. (Oct. 18th). Soon after the game started, Ford received a pass from Bailey, took the ball past the backs and scored easily. Later, Kindersley had the goal keeper in difficulties with a good shot. Montefiore was on the spot to bang the ball in. Near the end of the game, Ford scored again.

Result: Prep. 3, Selwyn House 0.

LOWER CANADA COLLEGE VERSUS THE PREP. in Montreal, October 24th. In very cold weather with snow and some sleet, the Prep. somewhat stiff legged from an uncomfortable train journey, took some time to get into their stride, but managed before half-time to score, Ford doing the trick from a pass from Kindersley. L.C.C. retaliated strongly and would have scored except for the agile work of Winder in goal. In the second half the play was even more fierce and close, until Kindersley scored a beautiful goal, putting the result beyond doubt. Bailey's work at centre half was outstanding.

Result: L.C.C. 0, Prep. 2.

Selwyn House versus the Prep. in Montreal, October 25th. Selwyn House put up a strong game and hemmed us in for the major part of the first half but could not score. In the second half, the game was hotly contested. Pitfield cleared the ball to Charlesworth, who passed to Ford. The latter dashed down the field eluding halves and backs, but was beaten by the goaler who dropped the ball as three forwards converged upon him. Ford, the great opportunist, took full advantage of this break and scored the only goal of the game.

Result: Selwyn House, 0, Prep. 1.

FIRST TEAM:—Goal: Winder; Backs: Pitfield, Mitchell; Half-backs: Bennett, Bailey, Monroe; Forwards: Montefiore, Charlesworth II, Ford (Capt.), Thomson, Kindersley. Subs:—White, Robinson, Rider, Taylor.

Soccer Leagues. Several teams consisting of every boy in the Prep. had exciting games at the end of the regular season. In the first league, the Scots, captained by the elusive Ford, won the championship. The other teams were: The Mariners (Capt. Bailey), The Landlubbers, (Capt. Montefiore) and the Angles (Capt. Kindersley). When this league finished its schedule, another consisting of the Army, the Navy, the Air Force and the Home Guard was started. The Home Guard, with Ford again the captain, won. As the season waned, three more teams called the Groaners, the Growlers and the Croakers belied their names and fought strenuously, the Croakers eventually winning.

THANKSGIVING GAME. In this game the boys played for a while; then the fathers took the places of their sons until they also retired for a rest to resume later in the game. Much hefty kicking by Mr. McMichael, Mr. Williams and Mr. McK. Ford made the boys wonder at times whether the ball was ever coming down again. Mr. Wray's heading was also a feature of the game, which ended in a victory for Ford's team by the score of 5 to 0.

WORK ON THE NEW TRAIL

THE PREP PRESS

Under the supervision of Mr. McLimont and Mr. Ganong, two issues have been made this term, the first on November 5th and the second on December 1st. Almost every boy has contributed in one or the other editions. Congratulations to Taylor, Williams and Brodeur for excellent illustrations. An interesting feature of the December production was the highly commendable work of Remove—two pages of Prep. notes, puzzles, etc., written in French, which showed unmistakable evidence of the expert guiding hand of Mr. Glauser.

PETS IN THE PREP.

For a time during this term, the Prep. choir practices have had the "assistance" of a whistling chorus of guinea pigs. Also, at all bells, the boys were induced to join their delight at the end of another period, for the little pets seemed to know that these were the only times any attention could be paid to them. But the poor things died from too much attention. The numerous inarticulate turtles shared a better fate. They are still living, although they have been known to wander from their homes in the classrooms to the masters' common room and to the lockers. Terrapins, lizards and gold-fish provide amusement and possibly distraction at odd times. In Remove the pet owners were: Bailey, Bennett, Ford, Charlesworth and Taylor. In Prep. III, Empey, Moffat, White and Brodeur. In Form 2A, Stearns and Mitchell.

THE GILBERT AND SULLIVAN OPERA

The selection of "The Gondoliers" as the play of the year calls for an unusually large number of soloists. Prep. boys trying out for parts are: for Casilda, Moffat II and Boswell; for Gianetta, Kindersley and Charlesworth II; for Fiametta, Robinson and Empey; for Vittoria, Swallow II and Lawrence I; for Giulia, White and Page II. We have already heard the performances over the radio on the last two Monday evenings and know how difficult a task we have taken on.

THE NEW TRAIL

Last year's trail is now the old trail, for the Prep. in full force have cut a new one from the front of Mr. Page's house down to the river. This was a more difficult affair than last year's. Sixteen boys armed with small hatchets did the cutting and the trimming of the logs. Others carried away the brush, while a small party piled the logs. A corduroy road was made to cover swampy parts, stumps were levelled to the ground by means of the cross-cut saw, and the result is a beautiful view of the river and the Experimental Farm. All the masters have contributed to this effort, which has provided healthy exercise for everyone. When we consider the use made of the old trail last year for sking, this one, we are sure, will be of equal value.

PLAYS

The Hallowe'en party was the occasion for the Prep. presenting four short plays which were much enjoyed. Dorm. I put on an historical scene in which Indians and a missionary, the latter very well portrayed by White, did all that was expected of them. Dorm II (the baby Dorm.) staged the frightful story of "Killing the Ghost". Tarsh as the hero and Lyon as the hippo. caused much amusement. Dorm III, after changing their original play at everybody's request at the last moment engaged the able services of Mr. Glauser to put on a really amusing and clever skit entitled "Hitler Meets his Doom", in which all players did very well, especially Boswell as the Queen of the Harpies and Ballantyne as Hitler. Dorm IV presented the gem of the evening, a play which might be called "Nightmares of a Good and Bad Boy". Pitfield as the devil was very convincing, Kindersley, as his chief assistant, was horrible, and so, very good. Robinson, as the good and bad boy, showed that he could be both very well, while Bennett excelled as the boy's mother.

Mr. Glauser is directing four French plays to be given before the term ends. Group A will put on two of them: "Un voyage mouvementé" and "Les Dubois au théâtre". Group B will present: "L'armée fantastique" and "Un sous-marin bizarre".

FILMS

Through he courtesy of Dr. Percival, the Director of Education for Quebec, we have been allowed the privilege of using the splendid selection of films from the Film Library. We wish to take this opportunity of thanking Dr. Percival for this much esteemed favour. Mr. Glauser has shown the following films on Saturday evenings to the great delight and benefit of the whole Prep. (1) How to make a mask. (2) Life saving. Resuscitation. (3) Village life in Switzerland. (4) Weather forecasting. (5) Story of the Hoe and the Rhinoceros. (6) The making of a book. (7) Birds (Penguins, Pelicans, Ducks, Ostriches). (8) Hunting the Walrus. (9) The Building of a Liner. (10) Killing the Killer (Mongoose and Cobra) and (11) Harvesting the Deep. Of these, by popular acclamation, numbers (1), (7), (8) and (10) were the best.

Notes

Congratulations to Mr. Glauser on the publication of his book, "Le vent se lève". May it have the success it surely deserves, a "bumper" sale.

Acknowledgment and thanks to Mr. C. E. A. Boswell for the gift of two fine pictures which hang in the Reception Room: to Mr. B. C. Empey for sending us a box of delicious apples at Hallowe'en: to Major Ney for the wonderful films he brought to the Prep. on various phases of the Defence of Britain and the inspiring talk to the boys: to Mr.

C. Howard Aikman, Principal of Lennoxville High School for bringing up and operating his sound projector: to Miss Reyner for her delightful Sunday afternoon teas: to Mrs. Page for her hospitality to Remove boys on Saturday evenings.

The Prep. has contributed this term \$22.00 for the Red Cross Society.

As we go to press, we learn that Mr. H. W. Ganong, has been accepted for the Air Force. He expects to be called up on December 9th. The best of luck to him.

Now we await the onslaught of examinations, the excitement of departure for the holidays and Christmas. May everyone have an enjoyable time and a Happy New Year.

And here may I pause to repeat what I believe will yet prove to be one of the most remarkable prophecies in all history. The original lines were written in Latin 200 years ago by the author of the "Elegy Written in a Country Churchyard."

"The times will come when thou shalt lift thine eyes

"To watch the long-drawn battle in the skies

"While aged peasants too amazed for words

"Stare at the flying fleets of wondrous birds.

"England so long the mistress of the sea.

"Where winds and waves confess her sovereignty,

"Her ancient triumphs yet on high shall bear

"And reign the sovereign in the con quered air."

Obituary

The Gazette, Sept. 24—

F. E. MEREDITH, K.C. (B.C.S. '74)

Frederick Edmund Meredith, K.C., LL.D., senior partner of the legal firm of Meredith, Holden, Heward and Holden, and former chancellor of the University of Bishop's College, Lennoxville, died yesterday morning at his home, 1228 Pine Avenue West. Mr. Meredith had suffered a long illness. He was in his 80th year.

A leader in finance as well as the legal profession, Mr. Meredith was a member of the Quebec branch of a family of Irish origin, which distinguished itself both in this province and Ontario.

His father, the late Sir William Collis Meredith, was Chief Justice of the Superior Court of Quebec, and was knighted by Queen Victoria two years after his retirement.

At the age of 19 he moved to Montreal, and continued his legal studies at Laval University, where he received the degrees of LL.B in 1887, and LL.D in 1904. He was Syndic of the Montreal Bar in 1904-05 and Batonnier of the Bar of Montreal in 1907. He was called to the Quebec Bar in 1887 and was created a Queen's Counsel in 1899.

In January, 1926, Mr. Meredith was appointed chancellor of the University of Bishop's College, Lennoxville, and by that university was granted a D.C.L. degree. He retired from the chancellorship some years ago.

He was for some years a partner of the late Sir John J. C. C. Abbott, at one time Prime Minister of Canada.

Winnipeg Tribune, September 1st, 1941-

HEBER ARCHIBALD, OLDEST MANITOBA SOLICITOR, DIES

Heber Archibald, K.C., oldest solicitor on the rolls of the Manitoba Law Society and one of its honorary life benchers, died early Sunday at his residence, 176 Roslyn Road. He would have celebrated his 95th birthday next Thursday.

Mr. Archibald had lived in Winnipeg nearly 65 years.

Mr. Archibald received his early education at Bishop's College School, Lennoxville, Quebec. Afterwards he attended and graduated from Toronto University. In his graduating year he was the silver medallist of his class in science.

He studied law at Barrie, Ont., in the office of Dalton McCarthy, K.C., and after his call to the Ontario Bar he practiced in St. Thomas and Hamilton.

He came to Winnipeg early in 1877 and opened a law office here. Soon after he went into partnership with former Chief Justice Howell of Manitoba who at that time was among the younger and leading members of the western legal profession.

Montreal Daily Star-

E. C. HALE DEAD AT AGE OF 58

E. Chaloner Hale died on June 8th, at his home, 3472 Montclair Avenue, in his 59th year.

Mr. Hale was well-known here in athletic circles, as well as in the insurance field.

He played on McGill hockey and football teams, and later on the Victoria Hockey team which he coached after the war.

He was the son of the late Mr. and Mrs. Edward Chaloner Hale, of Lennoxville and Sherbrooke. He received his education at Bishop's College School, Lennoxville, the Royal Military College, Kingston, and at McGill University, where he graduated in engineering.

He went overseas with the 6th Brigade Canadian Field Artillery, under Col. J. J. Creelman. He served in the Battle of Ypres with two now well-known Canadian military

figures, Lieut-Gen. A. G. L. McNaughton and Lieut. Col. E. G. Hanson.

After the war he opened the insurance agency that he operated until his death. He was a member of Zeta Psi fraternity. Those surviving him are the widow, formerly Miss Edith Rogers, and two sons, Edward and Jeffrey Hale, of Montreal.

Weddings

J. D. Lorimer (1923-27), was married to Miss Evelyn A. Scott in St. Stephen's Church, Westmount, on August the twentieth.

The marriage of Sub-Lieutenant J. M. Clarke, (1928-36), R.C.N.V.R., to Miss Margaret Upham, took place in Quebec on Saturday. The bride is the daughter of Mr. and Mrs. James Upham, of Mount Vernon, Ohio. The bridegroom is the son of Mr. and Mrs. Frank Clarke, of "Thornhill", St. Louis Road, Quebec.

Austin H. Luther (1924-32), was married to Miss Ruth MacFarlane on June 30th. The bride is the daughter of Mr. and Mrs. James S. MacFarlane, of Montreal West. The bridegroom is the son of the late W. E. J. Luther and of Mrs. Luther, of Notre Dame de Grace.

Wallis-Napier Smith-

The marriage of Constance Claire, daughter of Mr. and Mrs. F. Napier Smith, of Montreal, to Flying-Officer W. Herbert C. Wallis, R.C.A.F., (1928-32), son of the late Herbert Wallis, and of Mrs. Wallis, of Montreal, took place quietly on Saturday, August 23, in St. George's Church, the Venerable Archdeacon Gower-Rees officiating. The bride was given in marriage by her father, and Mr. T. Palmer Howard acted as best man for Flying-Officer Wallis.

Lieut. D'Arcy Lynch was married to Miss Marjorie Lawrence, of Sutton, Surrey, England, on Saturday, July 12, at 12.30 o'clock.

W. E. Norrish (1930-35) was married to Miss Audrey E. Horsnell on July 5th.

Lieut. Kenneth T. Paton was married to Miss Cherry Evelyn Mackenzie in St. Thomas Garrison Church, St. John's, Newfoundland, on September 20th.

FAMOUS ACE'S SON JOINS R.C.A.F.—

Ottawa, Sept. 9—(C.P.)—Arthur Bishop (1935-41), 18-year-old son of Air Marshal W. A. Bishop, V.C., director of Royal Canadian Air Force recruiting, enlisted in the R.C.A.F. yesterday. He applied for training as an aircrew member. His father was one of Canada's greatest of First Great War air aces.

Arthur Bishop was a pupil pilot at Montreal Light Aeroplane club five years ago when 13 years old.

DAVID C. SETON (1936-41), Montreal, also 18 and one of Arthur's school-mates, enlisted at the same time.

D. Jackson Dodds, (1935-40) has joined the Navy.

Now Night Fighter-

SGT. AIR GUNNER MELVILLE G. BELL, son of Mr. and Mrs. Russell D. Bell, of Montreal, who is a member of a night fighter squadron that is gaining renown in Britain. Bell, flying with Frank Hillock, of Toronto, as pilot, had a recent brush with a Nazi plane which beat a hasty retreat, dispatches received yesterday stated. He earned his wings at the Fingal, Ont., School in July.

Gazette, Montreal, November 11, 1941-

HARRY Ross (1928-36) has just received his wings at St. Huberts and gone to Halifax.

Pte. W. M. Molson, Black Watch (R.H.R.) of Canada, has just arrived overseas. Pte. Molson gave up a commission to "go active" in the ranks.

George Cross has been at Gibraltar since the middle of the summer. His last letter said that things were rather quiet there although he had been getting a lot of C time that he had only had his clothes off one night out of the previous twelve.

JACK CROSS is on leave in London after being at sea for something over two months in the submarine service. He gives his address as H.M.S. Elfin, c-o General Post Office, London.

Charlie Teakle, R.C.A.F., is in Ottawa, now waiting to go overseas.

Brian McGreevy, who is with the Royal Montreal Regiment, A.C.A., is attached to a training centre as Adjutant.

THE B.C.S. WAR BOOK

Since the start of the war, every effort has been made at the School to keep a record of the names and service of Old Boys who have joined the Forces. It is hoped that Old Boys and parents will appreciate the difficulties of such an undertaking, and will assist by volunteering information without waiting for a communication from the School.

The Magazine has published periodic lists of those Old Boys about whom it has received definite news. Additional notes are included in this issue, along with a few photographs, picked in alphabetic order from among those which have been sent. The next issue will probably contain reproductions of all photographs received in time for publication. At the same time it is hoped to publish a complete list of all Old Boys in uniform.

Photographs and particulars should be sent direct to the Headmaster, Bishop's College School.

McGill Notes

H. M. Burgess, Med. 1. "Timmy" is now an officer in the Black Watch, but nevertheless is working hard at medicine. Is seen quite often rushing up the hill to the Med. Building.

Donald Durnford, Com. 3. "Butch" is seen rushing around the campus and in the library. Working hard is the only answer; he attends his C.O.T.C. parades however.

ERIC PHELPS, MED. 1. Eric they say has started to work but has not yet gone into complete hibernation for he is seen periodically on the campus.

George Winters, Eng. 1. George certainly enjoyed himself at the Junior Prom. That was the general opinion he gave anyway. He is in the C.O.T.C.

Denis Stairs. Two places where Denis is seen most often are the Engineering Building and the Squash Courts. He is among the elite body of McGill Airforce Cadets.

W. McK. Palmer. "Wog" is another squash player but in spite of this exercise the week-end up at Shawbridge with the C.O.T.C. was about as much as he could take.

H. Thornhill. "Herby" is now a special friend of the Dean's as he received a Christmas card from him the other day. Otherwise his life is filled up with the C.O.T.C. and ?

RONALD BAYNE. "P" no longer warrants his nickname for he has changed in more than one way. Tall, dark and wild. Well not quiet anyway, for he keeps talking about the beautiful girl in his boarding house.

DERECK GIBSONE. "Status quo ante colliquim" is the Judge for his pipe and sly grin still follow him everywhere. In his uniform he reminds one of "Charlie Conscript".

BOB COLLIER. Bob was up north with the C.O.T.C. and the only part of the trip that really agreed with him was the rum ration at the end of a hard day's manoeuvres.

Duggan Grey. Duggan's interests in Ethiopia are looking much better now. So is Duggan or at least was until Saturday night up at Shawbridge with the C.O.T.C. Duggan maintains that one of the kids at the Boy's Farm exchanged the radiators in the gym. for the refrigeration system.

NORMAN MACFARLANE. Norm is either working too hard for his health or he is in love. No doubt it is the former. For who doesn't know Norm. Just call him "Cassanova".

JOHN RAMSEY. John is another member of the McGill Air Force. He stated when last approached for a statement for the press that his time was pretty well taken up with engineering but he would be glad to spare a few minutes of his time in order to help judge for the Campus Queen.

Henry Federer. "Hank" is working hard for a commission in the army. He was seen at the Prom. with a General's daughter and a pretty one too. His car is known around the campus, or should I say around town.

JOEY NIXON. Joe is working hard at his studies as always and hasn't much time left to paint the town red. He is working hard in the C.O.T.C.

Kenneth Howard. Ken was seen running around the Mount Royal and on Sherbrooke Street one fine night in his long red flannel underwear, looking for an illusive cat. No one knows if he found it.

JOHN SKELTON, commonly known as "Wolf No. 1" around Douglas Hall and elsewhere. He has been leading a mixed life consisting of pleasure and work. Latest reports are that he has cut out one side of his life. Most likely it is the work.

David Wanklyn. Dave has already several new theories over which there is a great deal of arguing with the professor. We expect him to take over the Science Faculty next term. Dave also has at last found his love. She's cute too, at that.

Kenneth Hugessen. Ken has taken to smoking cigars. He always has a couple in his pocket. No doubt they are his father's. Ken was seen at the Prom enjoying himself very much.

DAVE McConnell. Dave comes to a lecture every once in a while and seems to enjoy college life very much. At the Junior Prom he was doing alright for himself.

Cedric Winser. "Ced" still works hard. This practice is very foreign around Mc-Gill. Usually goes home for the week-end so he must have something there. Maybe a blonde.

MIKE DOYLE. Mike spends most of his time up at the medical office getting excuses for missing lectures. Latin is his pet this year; that is to say as far as studies go.

JOHN BLACKLOCK. Surly John is still to be found around the campus but not enough is seen of him. There must be a lady love in his life or else he's hard at work which we doubt very much.

David Hodgson. Working hard, but not too hard, to enjoy himself at the Ritz on Saturday nights with a beautiful . . . on his arm. "Had a wonderful time at the Prom" were his last words.

Jeffrey Lindsay appears in Physics lectures every second day in order to annoy the girls in front of him. Was at the Prom in body but no one knew where his spirit was. He had a good time all the same.

ANNUAL BANQUET SUSPENDED

After careful consideration the Directors of the Association have decided with regret that it is not advisable to hold the usual Annual Banquet this year. The number of Old Boys attending the Banquet last December was less than half that attending in previous years, owing to the large number of Old Boys on Active Service and the numerous engagements of those remaining in the vicinity of Montreal due to Military Training and War Work. It was felt that in view of the increased number of Old Boys on Active Service at the present time the prospects of a satisfactory turn-out this year were poor.

The final decision as to the holding of the Banquet next year will, of course, rest with the Committee to be elected at the coming Annual General Meeting of the Association, but the Directors feel that it would be advisable to suspend the Annual Banquet for the duration of the War and that every effort should be made to secure as large an attendance as possible at a Banquet to be held as soon as possible after the end of the War.

DEATHS ON ACTIVE SERVICE

The Old Boys Association has learned with the deepest regret of the deaths of Flt./Lt. James O. Alexander ('30-'35), of the R.A.F. in an air raid on Rotterdam on August 28th and of Sgt. Pilot Charles Andre DesBaillets ('38) of the R.C.A.F., killed on Active Service November 3rd.

OLD BOYS WITH THE FORCES

We regret to note that Major-General A.G. L. McNaughton, C.B., C.M.G., D.S.O., M.S.C., L.L.D. (1900-'05), Officer Commanding the Canadian Corps, has been suffering from a slight illness.

Major A. T. Paterson, D.S.O. ('04-'10), is now commanding the Headquarters Squadron, 6th Duke of Connaught's Royal Canadian Hussars, Canadian Armoured Division, for overseas service. He formerly commanded the 2nd Field Brigade, R.C.A. (Reserve) with the rank of Lieutenant-Colonel.

Major L. P. Payan ('24-'28) is now commanding the Royal 22nd Regiment in England and is believed to be the youngest officer in the Canadian Army to have command of a battalion.

Major C. M. (Bud) Drury ('25-'29), is now serving as Assistant-Military Attaché with the Canadian Legation at Washington.

Dr. J. F. Meakins ('24-'29) of the R.C.A.F. has now gone overseas with the rank of Squadron Leader.

Feel better QUICK! Help Nature drive out FATIGUE ACID!

Those aches and pains you feel after heavy exercise may come from fatigue acids in your muscles. Actually they make your muscles swell inside their sheaths causing soreness and stiffness.

For quick relief rub Absorbine Jr. into the sore places. This fine old product gets to work at once. By stimulating circulation, it speeds a flow of fresh blood through the tissues to carry off those acids. Pain lets up, swelling goes down. Millions rely on Absorbine Jr. because it is:

1.—Quick Acting 3.—Pleasant

2.—Quick Drying 4.—Economical To Use

At all druggists, \$1.25 a bottle. Free sample—Write W. F. Young, Inc., 286 St. Paul West, Montreal, P.Q.
